

PRODUCT SPECIFICATIONS

Diameter	1.60 in / 40 mm
Length	3.40 in / 8.6 cm
Projectile Count	1
Velocity	400 fps / 122 mps
Maximum Effective Range	230 ft / 70 m
Minimum Safe Range	33 ft / 10 m

PROJECTILE SPECIFICATIONS

Material	Foam
Height	2.40 in / 6.1 cm
Diameter	1.60 in / 4.1 cm
Weight	1.10 oz / 30 gm
Part No.	6325LE
Warranty*	5 years from date of manufacture

All Specifications are Averages and Subject to Change

The 40 mm eXact iMpacTM Extended Range Round has evolved from the Defense Technology[®] design of the eXact iMpacTM. This lightweight, high-speed projectile incorporates a plastic body and a foam (sponge) nose which is spin stabilized via the incorporated rifling collar and the 40 mm launcher's rifled barrel. The round utilizes smokeless powder as the propellant and has velocities that are extremely consistent.

The 40 mm eXact iMpacTM Extended Range Round is a "point-of-aim, point-of-impact" direct fire round that is most commonly used by tactical teams in situations where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-compliant subject at longer distances.

The 40 mm eXact iMpacTM Extended Range Round is intended for direct fire deployment. The operator should be adequately trained in the use of Specialty Impact Munitions and have a thorough understanding of the round and considerations for selecting shot placement such as level of threat, target distance, size and clothing.

The 40 mm eXact iMpacTM Extended Range Round will prove most successful for incapacitation when used within their optimal energy range of 10 – 70 meters. Extensive testing was done on the 40 mm eXact iMpacTM Extended Range Round to ensure that the round is less-lethal when fired within the optimal energy range and at the large muscle groups of the buttocks, thigh, and knees. These areas provide sufficient pain stimulus, while greatly reducing serious or life-threatening injuries.

6325LE eXact iMpacTM
40MM EXTENDED RANGE ROUND

The 40 mm eXact iMpacTM Extended Range Round is intended to be used in applications that exceed the performance capability of the standard eXact iMpacTM Round. The eXact iMpacTM Extended Range Round should only be used at ranges beyond 10 meters, targeting the subject's lower torso or extremities. Impacts closer than 10 meters or targeting the subject's head, neck, or upper torso can result in serious injury or death.

WARNING: TO BE USED BY TRAINED LAW ENFORCEMENT, CORRECTIONAL OR MILITARY PERSONNEL WHO HAVE SUCCESSFULLY COMPLETED A TRAINING PROGRAM FOR THE DEPLOYMENT OF SPECIALTY IMPACT UNITS. IMPROPER USE OF THE SPECIALITY IMPACT UNIT CAN RESULT IN DEATH OR SERIOUS BODILY INJURY.
